

KENTUCKY CHILDREN'S GARDEN

AUGUST PROGRAM CALENDAR

Programming will run from 10 am - 12 noon
Subject to change without notice*

August 1-2 | Parts of a Plant

Explore the different parts of a plant and learn how they help it survive.

August 6-7 | Soil Layers

Learn the importance of soil and create your own container of soil layers.

August 8-9 | Skulls & Furs

Learn about Native Kentucky animals by looking at their fur, skulls, and teeth.

August 13-14 | Fungi

Look at and learn about fungi then make a model of your own.

August 15-16 | Pond Bugs

Explore the macroinvertebrates that live in our pond.

August 20-21 | Flower Pressing

Press flowers from the garden and make a craft to take home.

August 22-23 | Scat

Learn how to identify scat (animal poop) you can find here in Kentucky.

August 27-28 | Make a Butterfly Feeder

Make a butterfly feeder to attract pollinators.

August 29 | Seed Bombs

Make a package of seeds and soil to take home.

August 30 | Closed - Home Football Game
