

Bur Oak
(*Quercus macrocarpa*)

Full sun
Can live up to 200-300 years
Height: 60-80 feet
Spread: 60-80 feet
Drought tolerate
Slow growth rate
Low maintenance.

Common Shagbark Hickory
(*Carya ovata*)

Height: 70-90 feet
Spread: 50-70 feet
Full sun to part shade
Low maintenance
Showy fall color
Exfoliating bark

Downy Serviceberry
(*Amelanchier arborea*)

Height: 15 -25 feet
Spread: 15-25 feet
Full sun to part shade
Well-drained soil
Showy white flowers from March-April
Low maintenance
Berries are edible

Strawberry bush
(*Euonymus americanus*)

Height: 4-6 feet
Spread: 4-6 feet
Part shade
Low maintenance
Showy red berries in fall
Showy fall color

Buttonbush
(*Cephalanthus occidentalis*)

Height: 5-12 feet
Spread: 4-8 feet
Low maintenance
Showy white flowers in June
Full sun to part shade
Moist soils
Will tolerate erosion and wet soil

Steeplebush
(*Spiraea tomentosa*)

Height: 2-4 feet
Spread: 3-5 feet
Showy pink blooms July- September
Moist soil
Full sun
Low maintenance

Shadblow Serviceberry
(*Amelanchier canadensis*)

Height: 25-30 feet
Spread: 15-20 feet
Full sun to part shade
Low maintenance
Showy fruit and flowers
Well-drained soil
